

**Gil Rogers**  
**Rogers & Associates**

**CURRICULUM VITAE**

**Education**

Grade 12 Diploma Howe Sound Secondary School, Squamish, B.C. – 1971

**Certifications**

Provincial Trades Certification – Painting & Decorating – Province of Saskatchewan – 1977

Interprovincial Trades Certification in Painting & Decorating – Burnaby, B.C. – 1986

Senior Certified Coating Inspector, #5045, The Association for Materials Protection and Preservation -AMPP. (Formerly NACE) – 1997

AMPP Certified Protective Coating Specialist #1017-922-1397 – 2002 (Formerly SSPC)

Marine Coating Inspector Endorsement, AMPP (Formerly NACE) – 2003

AMPP Certified Protective Coating Specialist (Formerly NACE )#9235 – 2004

CIP 1 Day Bridge Specialty – 2006

**Professional Memberships**

Association of Materials Protection and Performance (AMMP)

*formerly*

NACE International (NACE) Society for Protective Coatings (SSPC)

**Executive Summary**

Gilbert (Gil) has 45+ years of experience in the industrial coatings and insulation field.

Early in his career he worked as a coating applicator and progressed through the ranks to become a supervisor on field coating projects.

Mid-way through his career he worked in a Pulp and Paper mill where he was responsible for oversight of all the coatings and insulation work in the plant. He worked with the engineering group to develop appropriate coatings and insulation specifications while directly supervising eight journeyman industrial coating applicators and five journeyman industrial insulators.

Gil has written numerous project and maintenance Specifications for industrial coating projects and has developed and implemented Quality Plans for coating work on Bridges, Penstocks, Pipelines, Pulp and Paper mills and Metallurgical processing plants.

Gil has had no formal post-secondary education; however, he has a wide variety of supervisory and managerial experience, complemented by appropriate industrial training.

**Employment Record**

Nov 2000 – Present: Owner, Senior Consultant; Rogers & Associates

March 2019 – Present: Business Development/Technical Sales - HDIM

Jan 2020 – May 2023: Quality Manager Jewel Holdings Inc. (BC Hydro Projects)

May 2016 – May 2019: Director of Training Park Derochie Canada

Sept 2010 – Aug 2011: Senior Project Manager Park Derochie Inc.

2008- July 2010: Fireproofing Manager Altus Energy Services

2007 – 2008; Field Operations Manager, CSI, Coating Systems (2005) Inc.

2000 – 2001: Technical Sales Manager Clark & Pattison Painting Contractors

1992 – 2001: Technical Sales Representative, Cloverdale Paint, Vancouver Island

1988 – 1992: Maintenance Paint & Insulation Foreman, Fletcher Challenge Canada,

1984 – 1986: Co-owner, Rogers Painting & Decorating, Swift Current, Saskatchewan

1979 – 1984: Painter, Wascana Hospital, Regina, Saskatchewan

1972 – 1977: Owner, Pioneer Maintenance, Newcastle, New Brunswick

### *Experience*

Gil's 45+ year career in the coatings industry has qualified him to offer practical consultancy to his clients. An apprenticeship in the painting and decorating trade led to Gil's achieving Journeyman status in 1977. Gil has worked as an Industrial Painter, Foreman, Superintendent, Estimator, Technical Sales Representative, Technical Manager, Inspector, Project Manager, Instructor, Field Manager, Fireproofing Manager, Senior Project Manager, Division Manager, Director of Training and Quality Manager.

Gil is an AMPP Senior Certified Coating Inspector, and one of the elite groups of coating specialists that carry the Protective Coating Specialist Certification from both NACE and SSPC (now AMMP).

Gil served as Lead Instructor in the Legacy NACE, AMMP Coating Inspector Training Program for 22 years prior to his resignation in 2021. He also taught the Pipeline Applicator, and the Corrosion Under Insulations courses. While teaching Gil travelled internationally teaching others and sharing his considerable experience. This activity has permitted Gil to become a well-known figure in the industrial protective coatings' community. Gil's unique combination of technical training, practical experience, and teaching acumen has given him the opportunity to effectively liaise at all levels of the coatings industry.

---

### *Projects*

The number of projects Gil has worked at over the years makes it impossible to provide a complete list, however the following list is representative of the type of projects he has been involved with in the last 45+ years.

**Knappett Industries** – Provided inspection and consulting services for Beach Creek Enhancement Project, Qualicum, B.C.

**Standard Machine** – Developed a Paint Management Program including assessment of in-house Coating Applicators and Coating Inspectors.

**AMMP formerly NACE** - CIP Lead Instructor: taught approximately 5000 students at various levels.

**Dunk Pools** - Consultant on coating analysis project for below ground steel swimming pools.

**Coatings and Linings Technology (CLT)** - Consultant on coating rehabilitation project in Montreal, Quebec – Turcot Exchange

**Jewel Holdings** - Quality Manager for various BC Hydro Penstock Rehabilitation Projects

**Enbridge Pipelines** - Assisted in the creation of the original Pipe Storage Specification

**Faskin, Martineau, Dumolulin** - Retained as an expert on a serious coating failure in a mushroom farm.

**Park Derochie** - As the first Director of Training in the company's history, set up the training team which included establishment of an online Learning Management System (LMS) known internally as PD Academy. Provided instructor led training in coatings and organized soft skills training in association with the Northern Alberta Institute of Technology

**Barrier Coatings** - Set up Quality Management System

### *Publications*

Material Performance; July 2003, Vol. 42, No 7: "Coating Instrument Series: Test Instruments for Coating Adhesion"

CIP Inspect This! Summer 2005, Vol. 11, Issue 8: "How Not to Execute a Tank Lining Project"

Material Performance; September 2005, Vol. 44, No. 9, Coating & Lining News: "Los Angeles Sets Example with Sewer Liner"

NACE Northern Region Conference Paper; January 2014

NACE Eastern Region Conference Paper; October 2014: "Applicator Training a Vegas Style Gamble"

NACE Annual Conference Paper; March 2015: "Residual Soluble Salts and Coating Performance- Separating Myth from Reality" (Co-author)

NACE Northern Region Western Conference; Feb 2019: "Using an Algorithm to Calculate Acceptable Levels of Soluble Salts" (Co-author)

Coatings Pro; January 2021: "Value Added Coating Inspection"

**CURRICULUM VITAE**

**Projects (cont'd)**

**Professional Volunteer Activities**

AMMP formerly NACE International

- Past Chair – NACE TG 320 – Revise NACE No. 13, SSPC/ACS 1 – “Coating Applicator Specialist Qualification and Certification”
- Past Board Member – NACE Institute Sub-Committee
- Past Vice Chair – NACE CIP Course Quality Sub-Committee
- Past Chair – NACE Industrial Coating Applicator Training Sub-Committee
- Past Member – NACE Industrial Coating Applicator Training Committee

Government of Alberta – Provincial Apprenticeship Committee

- Past Presiding Officer

**Corrodere** - Edit “Train the Painter” course for North American market

**Osler, Harcourt** - Expert Witness for an oil & gas coating matter in dispute

**Alberta Coating Contractors Association** - Contracted as General Manager of the Association with primary focus on Training of Coating Applicators

**Canadian Natural Resources Limited** - Audit of thirty (30) Industrial Coating Contractors in Western Canada

**International Union of Painters and Allied Trades** - Provide Consultancy on Applicator Training with focus on Girth Weld Coatings for Pipelines

**Enbridge Pipelines** - Rewrite – North American Coating Specifications

**Teck** - Coatings 101 Training, rewrite – Mechanical Coating Specification

**Mildred Lake Mine Replacement** - Pipeline Girth Weld Coating

**New Edmonton Remand Centre** - 5M Commercial Painting Project

**MEG Energy Stonfell Project** - Internal Lining and External Coating – Six (6) 150' Dia. Tanks

**Enbridge Woodlands Expansion** - Internal Lining and External Coating – Two (2) 215' Dia. Tanks

**Shell Scotsford** - Internal Tank Lining – One (1) 50' Dia. Open Top Tank, various other Coating and Lining Projects

**TransAlta** - Fireproofing of Structural Steel Bents

**CNRL** - Internal Tank Lining – Two (2) 150' Dia. Tanks

**Kinder Morgan** - Internal Tank Lining – One (1) 150' Dia. Tanks

**Enbridge Pipelines** - Various Tank Lining Projects – Surmont Long Lake, Internal & External Pipeline Coating – Hardisty Merchant Tank Terminal

**Pembina Pipelines** - Various Internal/External Tank Coating Projects

**Keyera Energy** - Pipeline Rehabilitation

**Trans-Canada Pipeline** - Pipeline Rehabilitation

**Alstom Power, Consulting, Coating Inspection** - Diesel Storage Tank Lining, Campbell River, B.C.

**British Columbia Ferry Service Ltd.; Project Management, Consulting, Coating Inspector** - Bear Cove Terminal, Port Hardy, Sointula Floating Lead, Port Hardy, Denman East Terminal, Denman Island, Denman West Terminal, Denman Island, Alert Bay Terminal, Alert Bay, Buckley Bay Floating Lead, Nanaimo, o Campbell River Terminal, Campbell River, Heriot Bay Terminal, Quadra Island, Little River Terminal, Comox, Hornby Terminal, Hornby Island, Port McNeil Terminal, Port McNeil, WestView Terminal, Powell River, Whaletown Terminal, Cortez Island

**BC Hydro, Consulting, Coating Inspection** - Stoplog Gates, Ladore Facility, Campbell River, Wood Stave Penstock Recoating, John Hart Facility, Campbell River, Steel Penstock
